EPIC ICELAND

GOLDEN CIRCLE & GLACIER ADVENTURE

DAY 1

Full day tour 9,5 hours. Lunch included

A classic bucket list tour of Icelandic must-see attractions, infused with an unusual and unexpected twist. Beyond the standard sights, experience a fabulous glacier monster truck adventure. These comfortable and safe monster trucks are suitable for all ages, but with an adventurous edge that truly captures the Poseidon Expedition vibes - an exhilarating journey into Iceland's icy wilderness like never before.

Our route includes Iceland's iconic sights. Gullfoss waterfall is the most powerful and dramatic waterfall in the region, known for its stunning two-tiered cascade and misty spray full of rainbows. The Geysir geothermal area is home to the famous Strokkur geyser, which erupts every few minutes, showcasing Iceland's geothermal energy. Thingvellir National Park is a UNESCO World Heritage site where you can stand between the North American and Eurasian tectonic plates, experiencing the unique geological and historical significance of this extraordinary location.

In addition to the main highlights, enjoy a range of other unforgettable experiences: true Icelandic lunch at Gullfoss Cafe featuring warming soup and the finest Icelandic salmon; the unique chance to play golf on a glacier; taste the purest water on Earth straight from the glacier; relax with a cup of tea, coffee, or perhaps hot chocolate with Icelandic liqueur and traditional Icelandic pastry.

As we know, the drive through Iceland itself is one of the most fabulous adventures. We'll take a route that winds through stunning mountains, lake views, and the most picturesque lava fields in Iceland in Hveragerði area, offering breathtaking scenery at every turn.

Stroll between the continents at **Thingvellir National Park** and witness the dramatic landscape shaped by the Earth's shifting tectonic plates.

Take a thrilling monster truck ride onto the **Langjökull Glacier**, exploring the stunning icy landscape and feeling its raw power.

Take a walk through the breathtaking **Gullfoss waterfall** valley, where you can catch rainbows in the mist. Feel the refreshing spray as you stand near the falls, immersing yourself in the incredible beauty of this iconic Icelandic wonder.

Walk through the **Geysir area** and watch Strokkur erupt right before your eyes every five minutes, creating spectacular bursts of boiling water.

Glacier Monster Truck Tour

Highlights:

- Langjökull Glacier: Experience the magnificence of Iceland's second-largest glacier.
- Sleipnir Monster Trucks: Comfortable and thrilling ride with panoramic views.
- Icelandic Highlands: Dive into the fascinating landscapes and Nordic mythology.
- Glacier Pop-up Cafe: Enjoy hot cocoa, tea, and "Kleinur" (Icelandic pastry) with glacier views.
- Pure Glacier Water: Taste the cleanest, freshest water directly from the glacier.
- Fun Activities: Opportunity for sledding and glacier golf* (weather permitting).

GEOTHERMAL WONDERS & VIKING HISTORY

DAY 2

Full day tour 7,5 hours. Lunch included

Day begins with a scenic drive along the Reykjanes Peninsula, one of Iceland's youngest and most active geological regions, where ongoing eruptions continually shape the landscape. As we pass through fields of different ages, some over hundreds of years old and others still warm from recent volcanic activity. You will get to touch new lava, witnessing firsthand the planet's dynamic processes.

Next, we visit Kleifarvatn, a captivating lake surrounded by volcanic terrain. Local legend whispers that elves and hidden folk, or "huldufólk," live around this mysterious water, hiding among the rocks and waters. Many believe that if magic truly exists, it's concealed in this enchanting landscape, adding a sense of wonder and mystery to the area.

Our journey then takes us to Seltún, where bubbling hot springs and colourful mud pools reveal the diverse mineral deposits created by geothermal activity. It's a mesmerizing outdoor exhibit showcasing nature's vibrant cooking.

We'll then head to the Blue Lagoon — the most famous spa in the world — renowned for its naturally warm, milky blue waters. Visitors from all over the globe flock to Iceland specifically for this experience. Enjoy a delicious lunch at the Lagoon's Lava Restaurant after soaking in the mineral waters of a world's natural wonder.

Finally, we'll step into Viking history at Viking World, exploring an authentic Viking settlement and admiring the legendary ship that once crossed the Atlantic to New York — a proud symbol of Iceland's seafaring spirit, right before we embark to Poseidon Sea Spirit ship and head straight into our own adventure.

Visit **Kleifarvatn Lake**, one of Iceland's most stunning and mysterious bodies of water, with its dramatic shores and haunting, otherworldly scenery.

Visit the **Seltún geothermal area** and explore its vibrant, colourful mud pots and bubbling hot springs. The surreal landscape, with its striking mineral deposits and steaming vents, offers a fascinating glimpse into Iceland's geothermal activity from a unique and mesmerizing perspective.

Relax in the world-famous **Blue Lagoon**, where the milky, mineral-rich waters offer a soothing and rejuvenating experience. Soak in the warm, silica-rich baths surrounded by an otherworldly, volcanic landscape that's unlike anything else in the world.

Step into **Viking World** and explore its impressive Viking ship museum, featuring a beautifully preserved replica of a legendary Viking vessel. Discover fascinating exhibits and stories that bring Iceland's rich Viking heritage vividly to life.
